JENITA MARTINS: LETTER OF REFERENCE

Jenita Martins assisted our company with the conduct of an internal audit on our integrated inter-company management system against the requirements of ISO 17025:2005 in May 2017.

Jenita has extensive knowledge and experience in the development, implementation and auditing of quality managements systems. Her knowledge of the accreditation processes and quality systems assisted our company in identifying the gaps in our system. She also provided valuable guidance on how to clear those gaps and ensure our system was in complete compliance with all standard, accreditation and regulatory requirements.

We enjoyed working with Jenita. She is hard-working and dedicated. She was willing to assist us in addressing complex issues and always managed to foster positive discussions around the system.

We confidently recommend Jenita Martin as an internal auditor and consultant to assist any organisation looking to achieve accreditation. I'd be happy to expand on my recommendation.

Yours sincerely

Quentin Hurt

Managing Director: SKYSIDE and X-LAB EARTH SCIENCE
